## DESTATIC®

Anti-Static PET 抗靜電纖維

DESTATIC® is an efficient long last antistatic fiber that can reduce the problems associated with static electricity which are easily occurred in conventional polyester fiber.

DESTATIC® 是一種高效的長效型抗靜電纖維，可減少傳統聚酯纖維中容易發生的靜電問題。

Technology is in the yarn structure

- Friction-charged Electrostatic Potential <1000 Volt 摩擦帶電壓 <1000 伏特
- Can be Combined with W/R Finishing 可結合撥水加工
- Improved Wearing Comfort 提升穿著舒適性
- Excellent Dust-proof Ability 防塵

Anti-Static

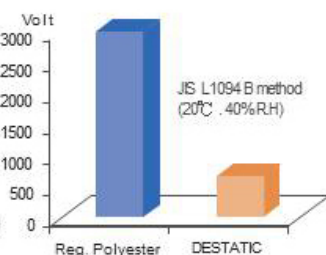

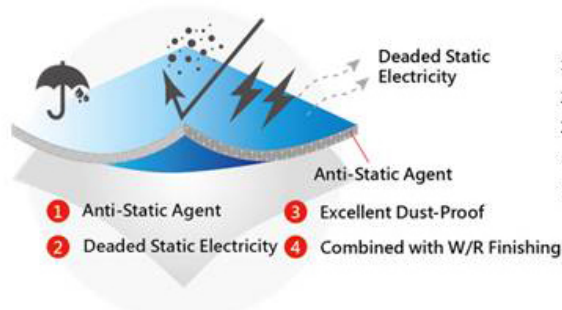

Dust-Proof

Wash-Durable

### DESTATIC

#### Outstanding Antistatic Ability

#### Wash Durable
